## SOFTWARE DEVELOPER

Versatile and motivated full-stack & backend developer with a strong foundation in Electrical and Electronics Engineering. Experienced in building scalable, efficient, and user-friendly software solutions. Proven expertise in backend development using modern frameworks, and capable of contributing to the full development lifecycle of web and mobile applications. Actively working on decentralized systems and AI-based solutions. Known for strong problem-solving abilities, teamwork, and a passion for continuous improvement.

---

## STRENGTHS AND EXPERTISE

**Backend:** NestJS, Node.js, Sequelize.js, Express.js, Symfony, PHP

**Frontend:** React.js, Next.js, Vue.js, React Native

**Languages:** JavaScript, TypeScript, Python, Go

---

## PROFESSIONAL EXPERIENCE

**Starworks Global Pte Ltd**  
**Full-Stack / Back-End Developer**

**December 2023 - Present**

Starworks Global is a company focusing on the development of decentralized platforms for the tourism and hospitality industry.

Accomplishments:

- Developed backend APIs and integrated smart contracts for Starworks' decentralized platforms.
- Collaborated with frontend teams to deliver full-stack features using Vue.js and RESTful APIs.
- Built reusable code libraries and maintained database architecture using MySQL and Sequelize.
- Engaged in R&D of blockchain and AI technologies for tourism and hospitality innovation.

Stack: NestJS, Node.js, MySQL, Vue.js, TypeScript, Git, PHP (Symfony)

**Victoryu Tech**  
**Freelance Full-Stack Developer**

**September 2023 - Present**

Delivered end-to-end development of e-commerce platforms, mobile games, and company portfolios. Responsible for designing and building both frontend interfaces and backend architecture.

Accomplishments:

- Built full-stack projects including e-commerce sites, mobile games, and company portfolios.
- Designed and implemented both frontend UIs and backend systems from scratch.

Stack: React.js, Next.js, React Native, Unity, JavaScript, Python
